What's New in the Peer Review Program Manual (PRPM) – March 2017 Update

The Practice Management Toolkits have been updated to include System Review Report Illustrations and Engagement Review Report Illustrations.

The illustrations are excerpts from the Appendixes in PRPM section 1000, Peer Review Standards, in Microsoft Word documents that can be used as report templates.

The updated toolkits are now available on the [peer review webpages](#) and are reflected as PRP 24,300 and 24,310 in the Online Professional Library ([OPL](#)) for subscribers.

PRIMA Deadline Reminder

As we indicated in the [February Reviewer Alert](#), PRIMA is currently targeted to go live on April 17, 2017.

To prepare for the transition, you should:

- Submit working papers to the appropriate AE by March 24, 2017, if possible. This will allow the AE sufficient time to process those working papers prior to PRIMA go-live.
- Working papers not received by the AE by March 24, 2017 may be required to be uploaded directly into PRIMA.
- Working papers that are ready to be submitted to the AE between March 24 and April 17 should be held by and uploaded in PRIMA once the system is live.

Please keep this deadline in mind as you are completing reviews currently in process. Check aicpa.org/PRIMA for updates to go-live and future training sessions.
