

## 2016 Public Service Award for Individuals Overview and Guidelines

### Program Description

This award honors one candidate who has demonstrated outstanding public service activities from among a select field of candidates, each of whom have been nominated by AICPA members or state societies. The AICPA Awards Committee reviews all applications (about 50) approximately three months prior to the AICPA Spring Meeting of Council and selects three finalists. This twice-narrowed, carefully screened group is then presented to a panel of three judges drawn from public life. Judges are asked to submit their recommendation several weeks after receiving the background information. The winner of this award is recognized at the AICPA Spring Meeting of Council. The deadline for nominations is the end of October each year.

### Goals

- ▶ To recognize CPAs who have attained a high level of public service
- ▶ To inform the public of the contributions that CPAs are making to their communities
- ▶ To encourage more CPAs to become involved in public service activities
- ▶ To provide a worthy nominating pool for the AICPA Public Service Award

### Procedures

- ▶ Candidates may be submitted by state CPA societies, CPA firms and/or individual members
- ▶ The Awards Committee will select finalists and determine if the award should be given in any specific year; documentation of the individual's contributions (see attached instructions) to the community is important
- ▶ Candidate applications are then sent to independent judges for review and selection of the National Award winner
- ▶ The winner will receive a contribution from the AICPA to the charity of their choice
- ▶ The award will be presented at the AICPA's Spring Council meeting
