A1. Law, regulation or custom may define the content of an annual report, and the name by which it is to be referred, for entities in a particular jurisdiction; however, the content and the name may vary within a jurisdiction and from one jurisdiction to another.				
A2. An annual report is typically prepared on an annual basis. However, when the financial statements being audited are prepared for a period less than or more than a year, an annual report may also be prepared that covers the same period as the financial statements.				
A3. In some cases, an entity's annual report may be a single document and referred to by the title "annual

<b>Reporting</b> (Ref: Para. 21–24)			<u><i>Reporting (Ref: par. 20f(1))</i></u>	
			<u><i>A13. The statement required by paragraph 20f(1) is appropriate in situations in which the auditor (1) has not identified a material inconsistency or a material misstatement of fact or (2) has identified a material inconsistency,</i></u>	From footnote 9 to paragraph 13e(1) of the proposed PCAOB AS.

			<u><i>a material misstatement of fact, or both that management has revised appropriately prior to the issuance of the auditor's report.</i></u>	
A52. For an audit of financial statements of an entity other than a listed entity, the auditor may consider that the identification in the auditor's report of other information that the auditor expects to obtain after the date of the auditor's report would be appropriate in order to provide additional transparency about the other information that is subject to the auditor's responsibilities under this ISA. The auditor may consider it appropriate to do so, for example, when management is able to represent to the auditor that such other information will be issued after the date of the auditor's report.				
<i>Illustrative Statements</i> (Ref: Para. 21–22)				
A53. Illustrative examples of the “Other Information” section of the auditor's report are included in Appendix 2.

<i>Reporting Implications When the Auditor's Opinion on the Financial Statements Is Qualified or Adverse</i> (Ref: Para. 23)				
A54. A qualified or adverse auditor's opinion on the financial statements may not have an impact on the statement required by paragraph 22(e) if the matter in respect of which the auditor's opinion has been modified is not included or otherwise addressed in the other information and the matter does not affect any part of the other information. For example, a qualified opinion on the financial statements because of non-disclosure of directors' remuneration as required by the applicable financial reporting framework may have no implications for the reporting required under this ISA. In other circumstances, there may be implications for such reporting as described in paragraphs A55–A58.				
Qualified Opinion Due to a Material Misstatement in the Financial Statements

A55. In circumstances when the auditor's opinion is qualified, consideration may be given as to whether the other information is also materially misstated for the same matter as, or a related matter to, the matter giving rise to the qualified opinion on the financial statements.				
Qualified Opinion Due to Limitation of Scope				
A56. When there is a limitation of scope with respect to a material item in the financial statements, the auditor will not have obtained sufficient appropriate audit evidence about that matter. In these circumstances, the auditor may be unable to conclude whether or not the amounts or other items in the other information related to this matter result in a material misstatement of the other information. Accordingly, the auditor may need to modify the statement required by paragraph 22(e) to refer to the auditor's inability to consider management's description of the matter in the other

The auditor is nevertheless required to report any other uncorrected material misstatements of the other information that have been identified.</p>				
<p>Adverse Opinion</p>				
<p>A57. An adverse opinion on the financial statements relating to a specific matter(s) described in the Basis for Adverse Opinion paragraph does not justify the omission of reporting of material misstatements of the other information that the auditor has identified in the auditor's report in accordance with paragraph 22(e)(ii). When an adverse opinion has been expressed on the financial statements, the auditor may need to appropriately modify the statement required by paragraph 22(e) for example, to indicate that amounts or items in the other information is</p>

materially misstated for the same matter as, or a related matter to, the matter giving rise to the adverse opinion on the financial statements.				
Disclaimer of Opinion				
A58. When the auditor disclaims an opinion on the financial statements, providing further details about the audit, including a section to address other information may overshadow the disclaimer of opinion on the financial statements as a whole. Accordingly, in those circumstances, as required by ISA 705 (Revised), the auditor’s report does not include a section addressing the reporting requirements under this ISA.				
<i>Reporting Prescribed by Law or Regulation</i> (Ref: Para. 24)				
A59. ISA 200 <sup>16</sup> explains that the auditor may be required to comply with legal or regulatory requirements in addition to the ISAs. Where this is the case, the auditor may be obliged to use a specific layout or wording in the auditor’s report that differs from that described in this ISA. Consistency in the auditor’s report,

When the differences between the legal or regulatory requirements to report with respect to the other information and this ISA relate only to the layout and wording in the auditor’s report and, at a minimum, each of the elements identified in paragraph 24 is included in the auditor’s report, the auditor’s report may refer to International Standards on Auditing.
