

DEPARTMENT OF THE TREASURY

CFDA 21.015 RESOURCES AND ECOSYSTEMS SUSTAINABILITY, TOURIST OPPORTUNITIES, AND REVIVED ECONOMIES OF THE GULF COAST STATES (Gulf RESTORE)

I. PROGRAM OBJECTIVES

The objectives of the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act) program are to restore and protect the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, coastal wetlands, and economy of the Gulf Coast Region.

II. PROGRAM PROCEDURES

The RESTORE Act established the Gulf Coast Restoration Trust Fund (Trust Fund) to hold 80 percent of the administrative and civil penalties paid by parties responsible for the Deepwater Horizon oil spill after July 6, 2012, plus interest on investments. Amounts in the trust fund are allocated among the five components: Direct Component, Comprehensive Plan Component, Spill Impact Component, the National Oceanic and Atmospheric Administration RESTORE Act Science Program, and a Centers of Excellence Research Grants Program. The Department of the Treasury (Treasury) is responsible for administering the Direct Component and the Centers of Excellence Research Grants Program.

Through the Direct Component, Treasury makes grants for ecological and economic restoration of the Gulf Coast Region. Thirty-five (35) percent of the penalties paid into the trust fund is used for grants to support eligible activities proposed by the States of Alabama, Louisiana, Mississippi, and Texas; the Florida counties of Bay, Charlotte, Citrus, Collier, Dixie, Escambia, Franklin, Gulf, Hernando, Hillsborough, Jefferson, Lee, Levy, Manatee, Monroe, Okaloosa, Pasco, Pinellas, Santa Rosa, Sarasota, Taylor, Wakulla, and Walton; and the Louisiana Coastal Zone parishes of Ascension, Assumption, Calcasieu, Cameron, Iberia, Jefferson, Lafourche, Livingston, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John the Baptist, St. Martin, St. Mary, St. Tammany, Tangipahoa, Terrebonne, and Vermilion. Each State, county, and parish has a defined share of the amount of the Direct Component. Recipients may choose to make subawards to complete eligible activities if approved by Treasury.

Through the Centers of Excellence Research Grants Program, Treasury awards grants to the five Gulf Coast States (Alabama, Florida, Louisiana, Mississippi, and Texas) for the establishment of Centers of Excellence focused on science, technology, and monitoring in at least one of five disciplines listed in the RESTORE Act. The States select these Centers through a competitive process and fund the research work through subawards. Each State has an equal share of the Centers of Excellence Research Grants Program Trust Fund allocation.

This program supplement covers only Treasury's grants to the States, counties, and parishes under the Direct Component and grants to States under the Centers of Excellence, which, at the State level does not include research activity. However, subawards under the Centers of Excellence will be audited as part of the R&D Cluster in Part 5 of the Supplement.

Source of Governing Requirements

The primary source of program requirements is the RESTORE Act (Subtitle F of Pub. L. No. 121-141) (33 USC 1321(t) and 33 USC 1321 note). Program implementing regulations are in 31 CFR part 34.

Availability of Other Program Information

Other program information regarding grants under the RESTORE Act is available at the Treasury website at <https://www.treasury.gov/services/restore-act/Pages/home.aspx>.

III. COMPLIANCE REQUIREMENTS

In developing the audit procedures to test compliance with the requirements for this Federal program, the auditor must determine, from the following summary (also included in Part 2, “Matrix of Compliance Requirements”), which of the 12 types of compliance requirements have been identified as subject to the audit (noted with a “Y” in the summary matrix below), and then determine which of the compliance requirements that are subject to the audit are likely to have a direct and material effect on the Federal program at the auditee. For each such compliance requirement subject to the audit, the auditor must use Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and this program supplement (which includes any program-specific requirements) to perform the audit. **When a compliance requirement is shown in the summary below as “N,” it has been identified as not being subject to the audit. Auditors are not expected to test requirements that have been noted with an “N.” See the Safe Harbor Status discussion in Part 1 for additional information.**

3. *Activities Allowed for the Centers of Excellence Research Grants Program*

All activities must be included in, and conform to, the description in the recipient's grant agreement, and include:

- a. *Recipient* – program administration.
- b. *Subrecipient* – Costs for the establishment of Centers of Excellence that focus on science, technology, and monitoring in at least one of the following disciplines:

- (1) Coastal and deltaic sustainability, restoration, and protection, including solutions and technology that allow citizens to live in a safe and sustainable manner in a coastal delta in the Gulf Coast Region;

G. Matching, Level of Effort, Earmarking

1. Matching

Not Applicable

2. Level of Effort

Not Applicable

3. Earmarking

Under the Direct Component, administrative costs are limited to no more than three percent of the total amount of funds received by a recipient under each grant. Administrative costs, for purposes of this limitation, are defined as indirect costs for administration incurred by the Gulf Coast States, coastal political subdivisions, and coastal zone parishes that are allocable to activities authorized under the Act. Administrative costs do not include that portion of indirect costs that are identified specifically with, or readily assignable to, facilities as defined in 2 CFR section 200.414.

For example, if a recipient has a 12 percent federally negotiated indirect cost rate (regardless of the applicable base) and its accounting system cannot identify specifically the facilities portion of its indirect cost rate, the maximum amount of indirect costs allowable under a \$100,000 grant would be \$3,000. If the facilities portion of indirect costs can be separately identified, the recipient may claim those costs at their full reimbursable rate. In this example, if such costs represent 2 percentage points of the 12 percent indirect cost rate, the maximum amount of allowable indirect costs would be \$5,000 (\$3,000 + \$2,000). The three percent limitation does not apply to the administrative costs of subrecipients (31 CFR sections 34.2 and 34.204). The instructions and tools for calculating allowable costs are available on the Treasury RESTORE Act website at <https://www.treasury.gov/services/restore-act/Pages/home.aspx>.

I. Procurement and Suspension and Debarment

1. When awarding contracts under the Direct Component, a recipient may give preference to individuals and companies that reside in, are headquartered in, or are principally engaged in business in the State of project execution (31 CFR section 34.305(b)).
2. Under the Direct Component, the acquisition of land, or interests in land, can only be from a willing seller (31 CFR section 34.803(f)).

DEPARTMENT OF THE TREASURY

CFDA 21.020 COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS PROGRAM

I. PROGRAM OBJECTIVES

The purpose of the Community Development Financial Institutions (CDFI) Program is to use Federal resources to invest in, and build the capacity of, CDFIs to help them serve low-income people and communities that lack access to affordable financial products and services.

II. PROGRAM PROCEDURES

A. Overview

The CDFI Program and the NACA Program are administered by the Community Development Financial Institutions Fund (CDFI Fund), Department of the Treasury. Through the CDFI Program and NACA Program, the CDFI Fund provides two types of monetary awards to CDFIs - Financial Assistance awards and Technical Assistance awards. In order to be eligible to apply for assistance, entities must meet, or propose to meet, specific CDFI eligibility criteria (12 CFR sections 1805.200 and 1805.201). CDFIs include, among others, entities such as banks, credit unions, depository institution holding companies, loan funds, and venture capital funds.

An organization wishing to apply for a Financial Assistance award through the CDFI or NACA Program must be either a certified CDFI or be certified as a CDFI by the time of award announcement. Organizations that are Emerging CDFIs or Sponsoring Entities may only apply for Technical Assistance awards.

CDFIs may use the funds to pursue a variety of goals, including:

- a. Promoting economic development to develop businesses, create jobs, and develop commercial real estate;
- b. Developing affordable housing and to promote homeownership; and
- c. Providing community development financial services, such as basic banking services, financial literacy programs, and alternatives to predatory lending.

B. Subprograms/Program Elements

The CDFI Fund provides Financial Assistance awards to strengthen the capital position and enhance the ability of a CDFI Program or NACA Program award recipient to provide financial products and financial services. The CDFI Fund provides Technical Assistance awards to build the capacity of a CDFI or an entity that proposes to become a CDFI. Financial and Technical Assistance awards are provided through a yearly competitive nationwide evaluation and selection process. After selection, each CDFI Program and the

NACA Program award recipient enters into an assistance agreement, which includes performance goals and other terms and conditions.

Source of Governing Requirements

The CDFI Program is authorized by the Community Development Banking and Financial Institutions Act of 1994 (Pub. L. No. 103-325, 12 USC 4701 *et seq.*). The CDFI Program implementing regulations are codified at 12 CFR part 1805.

The NACA Program is authorized by annual appropriations to the CDFI Fund Program Account and is administered using the implementing regulations for the CDFI Program, which are codified at 12 CFR part 1805.

Availability of Other Program Information

Additional information on the CDFI Program and the NACA Program is available on the CDFI Fund website at <https://www.cdfifund.gov>. A template of the assistance agreement is available on the CDFI Fund website. If there are specific questions regarding the programs, the CDFI Fund may be contacted via telephone at (202) 653-0421 or by e-mail at cdfihelp@cdfi.treas.gov

III. COMPLIANCE REQUIREMENTS

In developing the audit procedures to test compliance with the requirements for this Federal program, the auditor must determine, from the following summary (also included in Part 2, “Matrix of Compliance Requirements”), which of the 12 types of compliance requirements have been identified as subject to the audit (noted with a “Y” in the summary matrix below), and then determine which of the compliance requirements that are subject to the audit are likely to have a direct and material effect on the Federal program at the auditee. For each such compliance requirement subject to the audit, the auditor must use Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and this program supplement (which includes any program-specific requirements) to perform the audit. When a compliance requirement is shown in the summary below as “N,” it has been identified as not being subject to the audit. Auditors are not expected to test requirements that have been noted with an “N.” See the Safe Harbor Status discussion in Part 1 for additional information.
