**Attestation Standards**

The ASB discussed a draft of proposed AT-C section 215, Agreed-Upon Procedures Engagements, and proposed revisions to AT-C section 105, Concepts Common to All Attestation Engagements, specific to the revised agreed-upon procedures standard.

The significant feedback and conclusions reached were as follows:

- Because of issues regarding the practitioner’s independence considerations resulting from proposed revised AT-C section 215, the ASB requested that the draft Q&A document that the Professional Ethics Executive Committee is considering for issuance simultaneously with the issuance of revised AT-C section 215 be included in the agenda materials for the October 2019 ASB meeting.

- Requirements and guidance with respect to adding specified parties to the practitioner’s agreed-upon procedures report after the release of the practitioner’s report should be added to the proposed revised AT-C section 215.

- The proposed requirement to communicate to the responsible party known and suspected fraud and noncompliance with laws and regulations should be reviewed to assure that the requirement is properly stated in accordance with the practitioner’s responsibilities pursuant to the AICPA Code of Professional Conduct.

A revised draft of proposed revised AT-C section 215, and proposed amendments to AT-C section 105, will be brought to the ASB at its October 2019 meeting for a vote to ballot to issue proposed revised AT-C section 215 as a final standard, which will include related amendments to AT-C section 105.

The ASB will address issues remaining related to finalizing AT-C section 205, Examination Engagements, and AT-C section 210, Review Engagements, at future meetings.
